EDUCATION

Vellore Institute of Technology

Bachelor of Technology in Computer Science and Engineering

Vellore, India

July 2026 | 9.17

Annie Besant International School

XII (CBSE)

Patna, India

May 2021 | 81.5%

DAVSKVB School

X (CBSE)

Kathmandu, Nepal

May 2019 | 93.2%

PROJECTS

EventXpert [\[Live Link\]](#) | React, Node.js, Express, MongoDB, Vite, Axios, JWT, Vercel, Render

- Engineered a scalable full-stack event management system supporting secure authentication and event lifecycle tracking for 50+ users, reducing manual coordination overhead by 60%.
- Instituted role-based access control (RBAC) using JWT, safeguarding protected routes and preventing unauthorized access across admin and user workflows.
- Optimized REST API performance through indexed MongoDB queries and structured payload design, maintaining average response times below 200ms under concurrent usage.
- Implemented a streamlined Axios integration strategy that enabled seamless frontend-backend communication, reducing debugging time and accelerating feature delivery cycles.

Hush [\[Live Link\]](#) | React, Tailwind CSS, Node.js, Express, MongoDB, Socket.IO

- Architected a real-time messaging infrastructure using Socket.IO, enabling live presence tracking and sub-second message synchronization across multiple concurrent users.
- Designed an optimistic UI update mechanism with server-side reconciliation and automated rollback, eliminating visible latency and improving perceived responsiveness.
- Fortified backend security by integrating JWT authentication, bcryptjs hashing, Arcjet rate limiting, and bot protection mechanisms.
- Redesigned state management using Zustand with persistent dual-store architecture, cutting boilerplate by 40% and improving scalability and maintainability.

SportSpark [\[Live Link\]](#) | React, Node.js, Express, MongoDB, Vite, Axios, Vercel, Render

- Built a production-ready sports e-commerce platform with fully responsive UI, achieving a 90% Lighthouse performance score and optimized Core Web Vitals.
- Developed and structured 10+ RESTful APIs with middleware-driven validation and centralized error handling, improving backend reliability and debugging efficiency.
- Enhanced user engagement by implementing search, product filtering, and persistent cart functionality, streamlining the purchase flow and reducing drop-offs.
- Engineered secure authentication workflows using JWT with token-based session management, enabling protected cart access, role validation, and significantly reducing unauthorized API attempts.

Wave [\[Live Link\]](#) | HTML, CSS, JavaScript

- Developed an furniture-selling website with 15+ product listings, improving user interface layout speed by 30% through optimized DOM structure.
- Integrated features such as product filtering, add-to-cart simulation, and a static order summary, increasing simulated user engagement by 2x during testing.
- Ensured 100% responsiveness across 3+ screen sizes, reducing layout breakage issues to zero on tested devices.

TECHNICAL SKILLS

Languages: C++, C, JavaScript, Java, Python

Development: HTML, CSS, ReactJS, Node.js, Express.js, Next.js, REST APIs

Databases: MongoDB, MySQL, Redis

Key Academic Courses: Operating Systems, Computer Networks, Database Systems, Mathematics

Other Technical Skills: Data Structures & Algorithms, Object-Oriented Programming (OOPs), AWS Solutions and Architect

Tools: Git/GitHub, VS Code

ACHIEVEMENTS AND CERTIFICATIONS

Flipkart GRiD 7.0 (National Semifinalist) [\[Certificate\]](#)

- Cleared 2 online assessments and secured National Semifinalist rank among 1.6 lakh participants in Flipkart GRiD 7.0.

C++ Programming (Udemy)

- Completed a 19-hour Udemy course on C++, covering 100+ coding exercises and key concepts such as OOP and STL.

JavaScript with HTML & CSS (Udemy)

- Finished a 17-hour Udemy course with 15+ projects, applying JavaScript for web pages along with HTML and CSS.

Merit Certificate

- Awarded merit certificate twice for securing a CGPA of 9.17/10, placing in the top 5% of the class for consecutive semesters.

JEE Mains

- Secured 96.39 percentile in JEE Mains 2022, ranking among the top 4% of over 9 lakh candidates.
